Mission Statement

The ARCHIVE takes its mission from the mission of the Institution, to support those who wish to learn:

- By serving the College Community including its administration, faculty, staff and students
- By determining what materials of the Institution and the College Community are essential to collect and maintain
- By enhancing the culture of the College through the collecting and preservation of the Institution’s essential materials and making those collections accessible to users regardless of location or format
- By providing information that promotes the mission of the Institution internally and to the extended Community
- By supporting teaching and learning and enhancing the curriculum as appropriate
- By assisting and supporting the research of the faculty, students, and other scholars through access to information
- By promoting further understanding through discovery and dissemination of knowledge
